

## TRAINING PROGRAM ON INTERNATIONAL STANDARDS FOR **GREEN HEALTHCARE FACILITY**

*22 January 2020 | 8:30AM-6:00PM | Development Academy of the Philippines - Ortigas*

The cumulative threats of climate change to health have been extensively discussed for decades now but understanding of the issues involved and its impact remain very little. By 2030, climate change could cause irreversible negative impact on health which is estimated to push more than 100 million people back to extreme poverty.

To remain operational during extreme weather events, health systems must enable their facilities to be resilient to the impacts of climate change and respond to the long-term, climate-induced changes in disease patterns, while also responding to the respiratory and cardiovascular disease caused by air pollution. As a large consumer of energy, and products, paradoxically the health sector also contributes to these environmental health problems, even as it attempts to mitigate the potential harm they can do. Responding to these issues, there is a growing movement towards Climate-Smart, Low-Carbon Healthcare. Key elements of Climate-Smart, Low-Carbon Healthcare include:

- Health system design and models of care based on appropriate technology, coordinated care, emphasis on local providers, and driven by public health needs
- Building design and construction based on low carbon approaches
- Investment programs in renewable energy and energy efficiency
- Waste minimization and sustainable healthcare waste management
- Sustainable transport and water consumption policies
- Low-carbon procurement policies for pharmaceuticals, medical devices, food, and other products

**COURSE DESCRIPTION:**

The course covers the accreditation standards for green healthcare facilities. Standards are divided into eight chapters and covers key functions and activities of a healthcare facility in relation to environmental resilience. Details of chapters are given in the schedule. Each chapter is divided into a number of standards and each standard is divided into a number of criteria.

**COURSE OBJECTIVES:**

Participants will acquire basic knowledge and skills regarding the following major topics:

- Understanding the principles of green healthcare
- Best practices and methodologies to plan and implement green practices including procurement
- Waste management
- Criteria for site selection
- Indoor air quality, energy efficiency and water use

| <b>PROGRAM</b> |   |
|----------------|---|
| 0830-0900      | Registration  |
| 0900-0915      | Introduction of Faculty & Participants  |
| 0915-0945      | <b>The Current State of Environment in Urban Cities in the Philippines and its Impact on Healthcare Service Delivery</b>            |
| 0945-1015      | <b>Governance and Leadership</b><br>– the leaders’ role in promoting sustainability and safety                                      |
| 1015-1100      | <b>Site Selection</b><br>– the first building blocks in a Green Healthcare System   |
| 1100- 1115     | COFFEE BREAK  |
| 1115-1200      | <b>Indoor Air Quality</b><br>– restoring and safeguarding health through clean air  |
| 1200-1300      | <b>Energy and Ambience</b><br>– maximizing natural light  |
| 1300-1400      | LUNCH BREAK   |
| 1400-1500      | <b>Water Use</b><br>– efficient management of water resources   |
| 1500-1600      | <b>Bio-Medical Waste Management</b><br>– managing health and environmental hazards through effective waste management               |
| 1600-1615      | COFFEE BREAK  |
| 1615-1700      | <b>Green Housekeeping</b><br>– maintaining high level of hygiene and sanitation to prevent spread of disease and HAI                |
| 1700-1730      | <b>Procurement of Materials and Resources</b><br>– sustainable procurement practices promoting Environmentally Preferred Purchasing |
| 1730-1800      | Closing & Open Forum  |

## FACULTY

**DR. B.K. RANA** is a Board Member of ISQua from 2014 to present. He is the first Indian expert on ISO 15189 and is the Founding CEO of Quality & Accreditation Institute (QAI) and former Director of NABH. He served International Society for Quality in Health Care (ISQua) as elected Vice-Chairman- Accreditation Council (2008-2014) and Chairman- Accreditation Council (2014-2016). Concurrently, he served as President of Asian Society for Quality in Healthcare (ASQua) in 2011 & 12 and now serving as Member on its Board. He has many honors to his credit such as ISQua Expert, Assessor and Advisor. He also served as External Consultant of WHO on setting hospital accreditation program and also served as temporary advisor. He achieved rare distinction by becoming part of United Nations Framework Convention on Climate Change (UNFCCC) as an Expert/Assessor for Clean Development Mechanism (CDM). He sits on many national and international committees including ISO/ TC 210 WG1. He is also appointed ISQua Fellowship Program Curriculum Advisor. He is the Chief Advisor of the “Academy of Medical Laboratory Auditors” (AMLA).

**JOYCE SOCAO-ALUMNO** is the Founder & President of HealthCore—the center for global healthcare management, quality accreditation for healthcare and hospitality, and medical tourism services in the Philippines. She advocates Patient Safety and globalization of healthcare and is a leading proponent of Medical and Wellness Tourism. Her varied skills make her a well-sought after consultant and speaker in many international conferences and a regular judge and advisor for various organizations. She has represented international quality accreditation agencies such as Joint Commission International, Accreditation Canada, NABH International, Swiss Approval International, and TEMOS. She is an Adjunct Professor at the Ateneo Graduate School of Business and a certified ISO 9001:2015 Lead Auditor. Very recently, she was elected President of the Health, Retirement & Tourism (HeaRT) Alliance of the Philippines advocating the development and promotion of the Philippine Health Tourism program of the country.

## ABOUT HEALTHCORE

HealthCore International Consultancy, Inc. was established in 2010 with the aim to assist the various stakeholders involved in international healthcare management, medical and wellness tourism, and retirement services to achieve global competitiveness, excellent patient service and outcomes, and enhanced bottom line – through international quality accreditation, education and training, and other strategic approaches. HealthCore’s businesses are divided into four: Quality Accreditation, Training & Education, Consultancy, and Trading.

It works with the following accreditation agencies:

**ACCREDITATION**  
CANADA

MEMBER OF:

**Patient Safety**
